

Are YOU ready for some

Weird

Science?

John Taibe (from Radical Reptiles and Friends) is back for an early science experience!

Through a variety of experiments, the scientists will discover the magic of physical science through experiments and investigations including slime, volcanoes, crystals, color wheels, greenhouses, and other new projects!

This class is appropriate for both boys and girls, and is suited for children in grades K-5.

Weird Science will run as a 10-week session on Wednesdays from 3:10-4:10 pm. The session will begin on Wednesday, January 4th and end March 21st.

The charge for the session is \$100.00.

To sign up for this class, please fill out the form below and include a check (payable to Radical Reptiles and Friends) or cash and return to the school office by Wednesday, January 4th.

Any questions? Please contact John Taibe at (603) 498-8568 or via email at john@radicalreptilesandfriends.com
